STATE OF HAWAII 704 JUL 14 A8:27 REQUEST FOR EXEMPTION FROM CHAPTER 103D, HRS

TO: Chief Procurement Officer STATE PROCUREMENT OFFICE STATE OF HAWAII					
FROM: Department of Accounting and General Services, public Works Division					
Pursuant to § 103D-102(b)(4), HRS, and Chapter 3-120, HAR, the Department requests a produrement exemption to purchase the following:					
Description of goods, services, or construction: Purchase and/or rental of up to four trailer chasrooms for Kamehameha III Elementary School in Lahaina, Maui.					
Name of Vendor: Hawaii Modular Space Address: 91-292 KAUHI STREET 3 7/19/04 May KAPOLEI, HI 16707 3 1/19/04 May 1/19/04 May					
Term of Contract: From: To: WELVE MOHTHS Prior Exemption Ref. No. (if applicable) 7/19/104 WEY					
Explanation describing how procurement by competitive means is either not practicable or not advantageous to the State:					
During the course of a routine project to reroof Building G at the school, it was discovered that the entire roof structure was dangerously unsafe due to extensive termite damage that was not apparent from the outside. The building was declared unsafe and has been vacated. This has resulted in an emergency situation for the school since it has now lost the use of the four classrooms in the affected building. Since school is scheduled to begin in August, there is insufficient time to procure replacement classrooms in time for the fall semester if done by the standard competitive procurement, which we estimate would take four to six months. In the meantime, the school would be forced to try to find other space in the vicinity since there are no other elementary schools in the area.					
Details of the process or procedure to be followed in selecting the vendor to ensure maximum fair and open competition as practicable:					
We propose to either purchase and/or rent trailer classrooms from Hawaii Modular Space to make up for the loss of the four classrooms while a course of action is determined on how to repair Building G.
